PRODUCTS

IR makes a range of specialised products for aquaculture, such as oyster poles and spat sticks and a variety of pallets for agricultural and industrial uses.

Many of our products can be made in other sizes with appropriate lead time. Minimum order sizes apply where specialised tooling is required. Please contact us for further information.

BOLLARDS

Bollards are available with either a domed or pyramid top and can be routed or fitted with reflectors or be hole cut, if necessary.

COLOURS

All products are available in 1 of 3 colours:
