WETLANDS TABLE

FEATURES

The Wetlands Table is a classic piece of park furniture that can be loved and enjoyed for longer now that it is made from composite recycled plastic with galvanised steel fixings.

The Wetlands Table is part of the Envire range of park furniture that is used throughout Australia, because it is

- Durable and long lasting
- Tolerant of extreme climates, particularly wet or saline conditions
- Resistant to rot, termites and other pests
- UV resistant, does not fade or crack
- Comfortable and seats six adults without the risk of splinters
- Accessible for wheelchairs at either end
- Flat packed to reduce freight costs
- Easy to assemble with clear instructions
- Great value for money

RECYCLABLE

Integrated Recycling's (IR) patented composite recycled plastic is manufactured in Australia from recovered agricultural plastic films and other recycled plastics combined with organic fibre. IR has created a life for waste plastic so it no longer means landfill. By purchasing the Envire range you are truly recycling.
