

Little Desert Bench

PRODUCT SPECIFICATIONS

Envire®
PARKSCAPE

FEATURES

The little desert is a simple, elegant and popular piece of park furniture that can be loved and enjoyed for longer now that it is made from Australian recycled plastics with galvanised fixings as standard or stainless steel fittings as an option.

The Little Desert bench is part of the Envire range of park furniture that is used throughout Australia, because it is:

- Tough, durable and longer lasting
- Tolerant of extreme heat, moisture and saline conditions
- Resistant to termites, rot, water or sun damage
- UV resistant, does not fade, crack or split
- Delivered as flat pack - economic freight cost
- Easy to assemble - comes with clear instructions
- Great value for money

RECYCLABLE

Integrated Recycling transforms Australian waste plastics into Polytenislate® our patented formulation from which we make our range of recycled plastic products.

Integrated Recycling views waste plastic as a resource to upcycle so waste no longer means landfill. At the end of our furniture's life the recycled plastic can be recycled and repurposed over and over. By purchasing the Envire range you are participating in Australia's circular economy.
